

Coca-Cola

Refreshing 4Q24 Print and Reassuring 2025 Guidance
Amid Tough Staples Earnings Season

The Coca-Cola Company (KO, Overweight rated) reported 4Q24 comparable EPS of \$0.55, which exceeded JPMe/consensus \$0.52/\$0.52 by about ~7%. Upside vs. our estimates was driven by better than expected top line (+\$0.03 vs. JPMe), gross margin (+\$0.01 vs. JPMe), and non-operating items (net +\$0.01 vs. JPMe), which was partially offset by higher than expected SG&A ratio (-\$0.02 vs. JPMe). OSG of +14% came in far ahead of JPMe/Consensus Metrix (CM) +6.5%/+7.0%, or +11% on a unit case volume basis vs. JPMe/CM +5.8%/+6.3%. Unit case volumes were +2% (vs. JPMe/CM flat/+0.2%) while concentrate shipments were +5% (vs. JPMe/CM +0.8%/+1.0%) and price/mix contributed +9% (vs. JPMe/CM +5.7%/+6.1%). Management attributed the 3 point delta between unit cases and concentrate shipments mostly to two extra calendar days in the quarter and timing of shipments. Within the +9% price/mix, about 4 points were driven by markets with intense inflation with the balance driven by pricing actions and mix. Gross margins of 59.4% expanded +161 bps (underlying +170 bps YOY, FX -100bps, structural +90 bps) and come in +61 bps/+98 bps vs. JPMe/consensus 58.8%/58.5%. Operating expense ratio of 35.5% was 76 bps unfavorable YOY and compares to JPMe/consensus 34.3%/34.4%. See Full details in Table 2 and segment OSG performance in Table 3.

- **Expected Stock Reaction: Positive. The combination of Strong OSG in Q4, and Initial Guidance That Beats EPS and Brackets OSG Estimates at the High End Should Reinforce the Bull Thesis.** Amid the sequence of disappointments by most staples stocks in this earnings season, we think investors will welcome this print and the initial outlook that looks conservative at the midpoint, in our view. **We note the initial EPS guidance beats JPM and Consensus implied about \$2.94-\$2.97 (vs. JPMe/consensus \$2.93/\$2.95 into today) despite the ~2.5% or \$0.07 headwind from higher taxes per our math, more details below.** While the 14% OSG benefited from 4 points of inflationary pricing and the two additional selling days drive concentrate sales being 3 points ahead of unit sales (sell in vs. sell out), the adjusted OSG is still very solid and ahead most peers, and we think likely gives room for additional positive revisions given the underlying momentum exiting 2024.

KO provided initial 2025 guidance including (see summary and Table 1 comparing JPMe and Street):

- **OSG of +5-6%** (vs. JPMe/CM +6.5%/+5.9% into today)
- **Comparable EPS growth of +2-3%** (vs. JPMe/consensus +2.9%/+3.4% into today), **or implied about \$2.94-\$2.97** (vs. JPMe/consensus \$2.93/\$2.95 into today)
- **FX headwind of -3% to -4% to the top-line** (vs. -LSD% before and vs. JPMe/CM -3.8%/-2.6% into today) **and -6% to -7% to EPS** (vs. -MSD% before)
- **Acquisitions, divestitures, and structural changes “slight headwind” to**

See page 5 for analyst certification and important disclosures.

J.P. Morgan does and seeks to do business with companies covered in its research reports. As a result, investors should be aware that the firm may have a conflict of interest that could affect the objectivity of this report. Investors should consider this report as only a single factor in making their investment decision.

The chart(s) show J.P. Morgan's continuing coverage of the stocks; the current analysts may or may not have covered it over the entire period. J.P. Morgan ratings or designations: OW = Overweight, N= Neutral, UW = Underweight, NR = Not Rated

Explanation of Equity Research Ratings, Designations and Analyst(s) Coverage Universe:

J.P. Morgan uses the following rating system: Overweight (over the duration of the price target indicated in this report, we expect this stock will outperform the average total return of the stocks in the Research Analyst's, or the Research Analyst's team's, coverage universe); Neutral (over the duration of the price target indicated in this report, we expect this stock will perform in line with the average total return of the stocks in the Research Analyst's, or the Research Analyst's team's, coverage universe); and Underweight (over the duration of the price target indicated in this report, we expect this stock will underperform the average total return of the stocks in the Research Analyst's, or the Research Analyst's team's, coverage universe. NR is Not Rated. In this case, J.P. Morgan has removed the rating and, if applicable, the price target, for this stock because of either a lack of a sufficient fundamental basis or for legal, regulatory or policy reasons. The previous rating and, if applicable, the price target, no longer should be relied upon. An NR designation is not a recommendation or a rating. In our Asia (ex-Australia and ex-India) and U.K. small- and mid-cap Equity Research, each stock's expected total return is compared to the expected total return of a benchmark country market index, not to those Research Analysts' coverage universe. If it does not appear in the Important Disclosures section of this report, the certifying Research Analyst's coverage universe can be found on J.P. Morgan's Research website, <https://www.jpmorganmarkets.com>.

Coverage Universe: Teixeira, Andrea: Brown-Forman Corp (BFB), Celsius Holdings (CELH), Central Garden & Pet (CENTA), Church & Dwight (CHD), Clorox (CLX), Coca-Cola (KO), Colgate-Palmolive Co (CL), Constellation Brands (STZ), Coty Inc (COTY), Energizer Holdings (ENR), Kenvue (KVUE), Keurig Dr Pepper Inc (KDP), Kimberly Clark Corp (KMB), Molson Coors Beverage Co (TAP), Monster Beverage (MNST), Newell Brands Inc (NWL), Olaplex (OLPX), PepsiCo (PEP), Primo Brands (PRMB), Reynolds (REYN), SharkNinja (SN), The Estee Lauder Cos (EL), The Honest Company (HNST), The Procter & Gamble Company (PG), e.l.f. Beauty Inc (ELF)

J.P. Morgan Equity Research Ratings Distribution, as of January 01, 2025

	Overweight (buy)	Neutral (hold)	Underweight (sell)
J.P. Morgan Global Equity Research Coverage*	50%	37%	13%
IB clients**	50%	48%	37%
JPMS Equity Research Coverage*	47%	40%	13%
IB clients**	73%	68%	52%

*Please note that the percentages may not add to 100% because of rounding.

**Percentage of subject companies within each of the "buy," "hold" and "sell" categories for which J.P. Morgan has provided investment banking services within the previous 12 months.

For purposes of FINRA ratings distribution rules only, our Overweight rating falls into a buy rating category; our Neutral rating falls into a hold rating category; and our Underweight rating falls into a sell rating category. Please note that stocks with an NR designation are not included in the table above. This information is current as of the end of the most recent calendar quarter.

General: Additional information is available upon request. The information in this material has been obtained from sources believed to be reliable. While all reasonable care has been taken to ensure that the facts stated in this material are accurate and that the forecasts, opinions and expectations contained herein are fair and reasonable, JPMorgan Chase & Co. or its affiliates and/or subsidiaries (collectively J.P. Morgan) make no representations or warranties whatsoever to the completeness or accuracy of the material provided, except with respect to any disclosures relative to J.P. Morgan and the Research Analyst's involvement with the issuer that is the subject of the material. Accordingly, no reliance should be placed on the accuracy, fairness or completeness of the information contained in this material. There may be certain discrepancies with data and/or limited content in this material as a result of calculations, adjustments, translations to different languages, and/or local regulatory restrictions, as applicable. These discrepancies should not impact the overall investment analysis, views and/or recommendations of the subject company(ies) that may be discussed in the material. J.P. Morgan accepts no liability whatsoever for any loss arising from any use of this material or its contents, and neither J.P. Morgan nor any of its respective directors, officers or employees, shall be in any way responsible for the contents hereof, apart from the liabilities and responsibilities that may be imposed on them by the relevant regulatory authority in the jurisdiction in question, or the regulatory regime thereunder. Opinions, forecasts or projections contained in this material represent J.P. Morgan's current opinions or judgment as of the date of the material only and are therefore subject to change without notice. Periodic updates may be provided on companies/industries based on company-specific developments or announcements, market conditions or any other publicly available information. There can be no assurance that future results or events will be consistent with any such opinions, forecasts or projections, which represent only one possible outcome. Furthermore, such opinions, forecasts or projections are subject to certain risks, uncertainties and assumptions that have not been verified, and future actual results or events could differ materially. The value of, or income from, any investments referred to in this material may fluctuate and/or be affected by changes in exchange rates. All pricing is indicative as of the close of market for the securities discussed, unless otherwise stated. Past performance is not indicative of future results. Accordingly, investors may receive back less than originally invested. This material is not intended as an offer or solicitation for the purchase or sale of any financial instrument. The opinions and recommendations herein do not take into account individual client circumstances, objectives, or needs and are not intended as recommendations of particular securities, financial instruments or strategies to particular clients. This material may include views on structured securities, options, futures and other derivatives. These are complex instruments, may involve a high degree of risk and may be appropriate investments only for sophisticated investors who are capable of understanding and assuming the risks involved. The recipients of this material must make their own independent decisions regarding any securities or financial instruments mentioned herein and should seek advice from such independent financial, legal, tax or other adviser as they deem necessary. J.P. Morgan may trade as a principal on the basis of the Research Analysts' views and research, and it may also engage in transactions for its own account or for its clients' accounts in a manner inconsistent with the views taken in this material, and J.P. Morgan is under no obligation to ensure that such other communication is brought to the attention of any recipient of this material. Others within J.P. Morgan, including Strategists, Sales staff and other Research Analysts, may take views that are inconsistent with those taken in this material. Employees of J.P. Morgan not involved in the preparation of this material may have investments in the securities (or derivatives of such securities) mentioned in this material and may trade them in ways different from those discussed in this material. This material is not an advertisement for or marketing of any issuer, its products or services, or its securities in any jurisdiction.
